Instructions - Amend or Revise Mining Plan

RECEIVED

MAY 14 2008

DIV. OF OIL, GAS & MINING

## **Addition of Nielson Property to Mining Plan**

### **I. Summary of Amendment:**

Redmond Minerals, Inc. ("Redmond") has secured the right to mine all salt and salt minerals located on approximately 157.50 acres located directly north and adjacent to Redmond's present underground mining operations. Redmond anticipates continuing an existing tunnel northward into the new acreage without any surface disturbance.

### **II. Rule R647-4-104 – Operator, Surface and Mineral Owners.**

#### **1. Location of Operation ("Nielson Property"):**

County: Sanpete

The West half of the Northwest quarter of Section 13, Township 20 South, Range 1 West, Salt Lake Base and Meridian. Containing 80 acres, more or less. Part of Tax Serial No. 11272X1.\*

The Northeast quarter of the Northwest quarter of Section 13, Township 20 South, Range 1 West, Salt Lake Base and Meridian. Containing 40 acres, more or less. Tax Serial No. 11271.\*

Beginning 20 chains West and 35 chains North from the Southeast corner of the Southwest quarter of Section 13, Township 20 South, Range 1 West, Salt Lake Base and Meridian; thence East 15 chains; thence North 25 chains; thence West 15 chains; thence South 25 chains to the point of beginning. Containing 37.50 acres, more or less. Tax Serial No. 11272.\*

\*Tax serial numbers are included only for convenience. The actual written description controls as to the affected land.

#### **2. Ownership of the Land Surface and Minerals:**

The land and minerals are owned by Larry Nielson and Echo E. Nielson as joint tenants as to an undivided one-half interest, and by Clair Nielson and Marsha B. Nielson as joint tenants as to an undivided one-half interest.

Clair and Marsha Nielson  
1060 East 650 North  
Orem, UT 84097

Larry and Echo Nielson  
990 South Ridge Road  
Cedar City, UT 84720

#### **3. Have the above owners been notified in writing? Yes.**

Redmond Minerals, Inc. has entered into a Mineral Lease Agreement with Larry Nielson, Echo E. Nielson, Clair Nielson, and Marsha B. Nielson. A Memorandum of Mineral Lease Agreement was recorded in the office of the Sanpete County Recorder on April 30, 2008 as Entry 154385 in Book 569 at Page 786.

### III. Rule R647-4-105 – Maps, Drawings & Photographs

See attached Exhibit A.

### IV. Rule R647-4-106 – Operation Plan

1. Mineral to be mined: salt
2. Redmond mines with conventional drill and blast methodology using ammonium nitrate prill agent and some dynamite. Access to the Nielson Property will be through continuance of existing underground tunnels. Redmond anticipates no surface disturbance on the Nielson Property.
3. Redmond has been mining underground using conventional drill blast techniques at this location since approximately 1970. During such time Redmond has not noticed any surface subsidence issues related to its mining activities. Because the Nielson Property is directly north and adjacent to Redmond's present mining operations, underground geology is expected to remain the same.

### V. Signature

I hereby certify that the foregoing is true and correct

Signature of Operator/Applicant:
